

TRI-STAR SOLUTIONS SERVICES LLC

Transformational Readiness Initiative — Strategic Technology Architecture & Research

CAPABILITY STATEMENT

ABOUT US

TRI-STAR Solutions Services LLC is a Maryland-based small business founded in 2017, specializing in Microsoft cloud security: Microsoft Sentinel SIEM/SOC engineering, Defender XDR, Azure Arc and hybrid monitoring, and Zero Trust and NIST-aligned compliance for federal and commercial clients. As a Microsoft and IBM partner with Pax8 distribution, TRI-STAR also resells Microsoft and cybersecurity licensing, so clients can buy, deploy and secure their platform through one accountable vendor.

ENGINEERING SERVICES

- Systems Engineering & Technical Assistance (SETA)
- Requirements Engineering & Analysis
- Enterprise Architecture Design (TOGAF, FEAF)
- Verification & Validation (V&V) Services
- Technical Performance Measurement
- Configuration Management & Change Control
- Security Architecture & Zero Trust Design

CLOUD ARCHITECTURE

- Cloud Migration & Optimization (AWS, Azure, GCP)
- AWS GovCloud & Azure Government Solutions
- Hybrid & Multi-Cloud Infrastructure Design
- Infrastructure as Code (IaC) Implementation
- Disaster Recovery & Business Continuity
- Managed IT Services & 24/7 Monitoring
- Data Center Consolidation & Optimization

TECHNOLOGY RESALE SERVICES

Hardware & Infrastructure

- Dell Technologies
- HP Enterprise
- Cisco Systems

Software & Security

- Microsoft Licensing (Microsoft Partner via Pax8)
- IBM Solutions (IBM Partner via Pax8)
- Palo Alto Networks | Trellix
- Splunk

SOFTWARE & INNOVATION

- Full-Stack Application Development
- DevSecOps & CI/CD Pipeline Engineering
- AI/ML Integration & Intelligent Automation
- API Development, Integration & Management
- Legacy System Modernization & Migration
- Microservices & Cloud-Native Architecture
- Quality Assurance & Test Automation

MICROSOFT SECURITY & SOC

- Microsoft Sentinel SIEM/SOAR Deployment & Tuning
- Defender XDR (Endpoint, Identity, Office 365, Cloud Apps)
- Azure Arc & Azure Monitor Agent Hybrid Onboarding
- Data Collection Rules & Custom Log Ingestion Pipelines
- KQL Analytics Rules, Threat Hunting & Workbooks
- Entra ID, Conditional Access & PIM
- NIST 800-53, DISA STIG & Zero Trust Alignment

COMPANY DATA

Business type: Small Business (SB), Maryland LLC

Founded: 2017

Headquarters: Fort Washington, Maryland

Partnerships: Microsoft Partner, IBM Partner, Pax8 distribution, Catalant expert network

Memberships: INCOSE, APMP

Delivery: On-site in the National Capital Region and 100% remote

Registration identifiers (UEI, CAGE, NAICS): provided on request

PAST PERFORMANCE

- **Federal agency — Microsoft Sentinel Engineering:** Built data collection rule (DCR) frameworks, KQL query libraries and compliance documentation for a federal mission system.
- **Federal agency — SOC Data Integration:** Sentinel/SOC technical lead. Replaced a failing vendor connector with a custom Logic App ingestion pipeline and designed the pipeline that brings vulnerability scan data into Azure Government; delivered root-cause analyses, runbooks and network path documentation.
- **Federal environmental program:** Information technology support services under a federal contract.
- **Microsoft Licensing Resale:** Microsoft licensing sales closed and fulfilled through the Microsoft Partner / Pax8 distribution channel.

KEY DIFFERENTIATORS

- **Security-First Engineering:** Security and compliance embedded throughout the development lifecycle
- **Cleared Personnel:** Cleared staff available for sensitive programs
- **Microsoft and IBM Partner with Pax8 Distribution:** Licensing, deployment and security engineering delivered by one accountable vendor
- **Integrated Service Delivery:** Complete technology lifecycle support from strategy through implementation and operations
- **100% Remote Delivery Capability:** Secure remote operations with full collaboration capabilities
- **Strategic Maryland Location:** Proximity to federal agencies, defense contractors and the Intelligence Community
